Commissioner for I.D and Director of I & C brought to the notice of the Committee regarding letter dated 2.2.2024 of Commissioner for Cane Development and Director of Sugars wherein it is informed that Hon'ble Minister for Textiles, Cane Development & Sugar and Agriculture Marketing has issued a note to defer subjects pertaining to Cane/Sugar based projects till the finalisation and issue of new government policy on sugar cane.

The Committee opined that, the Karnataka Industries (Facilitation) Act, 2002 mandates facilitation of new investments and promotion of industrial development in the State. Hence, project approval can not be denied/deferred for long time for want of New Policy. This proposal was deferred earlier for the same reason.

The Committee noted the request of the company and after detailed discussions, resolved to recommend to SHLCC to accord approval for the project proposal of M/s Indian Cane Power Limited to establish "15,000 TCD Sugar Plant With 70 Mw Cogen Power Plant & 180 KLPD Distillery Plant" in 261 acres of land at various Sy No. of Kambagi Village and Shegunshi Village, Bijapur Taluk & District.

**Justification to place the subject before SHLCC.**

Project proposals related to establishment of Sugar Plant in the State was discussed in the 143<sup>rd</sup> SLSWCC, as detailed below:

*"Commissioner for I.D and Director of I & C brought to the notice of the 143<sup>rd</sup> SLSWCC regarding letter of Commissioner for Cane Development and Director of Sugars wherein it is informed that Hon'ble Minister for Textiles, Cane Development & Sugar and Agriculture Marketing has issued a note to defer subjects pertaining to Cane/Sugar based projects till the finalisation and adoption of new government policy on sugar cane.*

*Further, Commissioner for I.D informed that IEM Part-A is obtained by the entrepreneur after submission of Distance Certificate and No Objection Certificate issued by Commissioner of Sugar.*

*Before entrepreneurs submits the application to KUM for SLSWCC/ SHLCC clearance entrepreneur has followed the procedure as below:*

1. *The entrepreneur submits application to the O/o the Cane Commissioner /Director of Sugar along with the following mandatory documents:*

- *Company incorporation certificate (if registered company)*
  - *Memorandum of association and article of association*
  - *RTC copy and sale deed copy of the land (for erection of pillar – the proposed location of the project chimney for taking distance measurement by the survey of India)*
  - *Details of cane availability (village-wise details) to be certified by Joint Director of Agriculture of the concerned revenue district. (villages coming within the radius of 7.5 kms and 15 kms separately)*
  - *District map highlighting the location of the factory.*
2. *After submission of the application by the entrepreneur, O/o the Cane Commissioner /Director of Sugar obtains the following reports from the concerned District Deputy Commissioner:*
- *Opinion about the project,*
  - *Pillar erection and Erection Sketch,*
  - *Cane availability by Joint Director of Agriculture,*
  - *Sketch showing the nearby sugar factories location*
3. *Letter to Survey of India is submitted by entrepreneur to furnish Distance Certificate enclosing the Sketch duly countersigned by Commissioner for Cane Development and Director of Sugar*
4. *After obtaining Distance Certificate from Survey of India same is forwarded to Government of India to issue IEM to the entrepreneur.*
5. *The entrepreneur shall file an application along with Distance Certificate to DPIIT, GOI for issuance of IEM.*
6. *After filing the Industrial Entrepreneur Memorandum, the entrepreneur shall submit a performance guarantee of rupees one crore to Chief Director(Sugar), Department of Food & Public Distribution, Ministry of Consumer Affairs, Food & Public Distribution, within thirty days of filing the Industrial Entrepreneur Memorandum as a surety for implementation of the Industrial Entrepreneur Memorandum within the stipulated time or extended time as specified in clause 6C failing which Industrial Entrepreneur Memorandum shall stand derecognized as far as provisions of this Order are concerned.*
7. *After submission of the Bank Guarantee, the Government of India will issue acceptance Order to the entrepreneur stating that their sugar mill has been taken on record as a "New Sugar Factory"*
8. *After obtaining the acceptance Order, the entrepreneur has to make an application to Karnataka Udyog Mitra to obtain in-principle approval / clearance for their project i.e., for setting up of new sugar factory in the State.*
9. *After obtaining IEM and Acceptance Order from Government of India and in principle clearance for their project in Karnataka Udyog Mitra, the entrepreneur has to identify villages for cane area allotment and submit proposal to the office of the Cane Commissioner and Director of Sugar with details like name of the Taluk/Village, Distance between the Village and the*

*proposed Sugar factory, map highlighting the proposed villages and nearby sugar factories.*

*As per the Sugarcane (Control) Amendment Order 2006, clause 6-A, Explanation-4, the following effective steps should be taken by the entrepreneur to implement the IEM for setting up of sugar factory like:*

- o Purchase of required land in the name of the factory.*
- o Sanction of requisite term loan from banks or financial institutions.*
- o Placement of firm order for purchase of plant and machinery for the factory and payment of requisite advance or opening of irrevocable letter of credit with suppliers.*
- o Commencement of Civil work and construction of building for the factory.*
- o Other approvals from different Departments/Authorities like KSPCB Clearance, NOC/Licenses from Factories and Boilers Department, Labour Department, etc.*

*Hence, deferring the project approval will result in halting the implementation of project and also Commissioner opined that, the Karnataka Industries (Facilitation) Act, 2002 mandates facilitation of new investments and promotion of industrial development in the State. The provisions in the said Act mandates the committee to take the decisions on the proposals and communicate the decisions to the concerned departments. Hence, project approval can not be deferred for long time for want of New Policy and deferring the project approval defeats the very purpose of Facilitation Act.*

*Moreover, the proposals are being placed in SLSWCC/SHLCC which have been already recommended by sugar directorate under policy in existence and as per existing operative guidelines for issuance of IEM. Any new policy will have prospective effect and existing policy holds good till new policy comes into existence. Deferring project approvals may lead to entrepreneurs approaching court of law for remedy/ justice.*

*Further, Commissioner added that at present Karnataka State ranked as top achiever in EODB ranking hence deferring of project approval hinders prospects/performance of state in ease of doing business rankings.*

*After detailed briefing by the Commissioner for I.D, the 143<sup>rd</sup> SLSWCC Committee deliberated on the need for timely approval of projects in order to promote industrial investment in the State which inturn leads to creation of employment and generation of revenue to the State. In light of the above disucssion, subject is placed before SHLCC for disuccsion and decision.*

*The Committee noted the details of the project proposal and also discussion and decision of the 143<sup>rd</sup>SLSWCC,after detailed discussion resolved to approve the proposal of M/s. Indian Cane Power Limited.*

Government has examined the recommendations made by the 63<sup>rd</sup> SHLCC Meeting, in all aspects.
